

2019 Pinot Noir

SANTA CRUZ MOUNTAINS

Each Armitage wine is a unique expression of Santa Cruz Mountain terroir, revealing place, depth, complexity and dimension in the old-world style. Our grapes are sustainably farmed, and our wine is crafted with minimal intervention in the cellar. Sustainability is both a lifestyle and an ethos here at Armitage Wines.

Winemaker Notes

This elegant, expressive Santa Cruz Mountain Pinot Noir possesses complexity and depth in both palette and bouquet, with cherry, dark berry and hint of lavender aromas, and a fruit forward, earthy palette of cherry, dark chocolate, and mint.

The Vineyard

The Heart O' the Mountain estate vineyard is planted exclusively to Pinot Noir. Sitting 1500 feet above Monterey Bay, the cool nights and warm days create ideal growing conditions. South-facing rows on siltstone and shale soils flow harmoniously with the steep topography and surrounding natural terrain.

Made with 100% Love

Our labels are inspired by the esoteric sciences, with the seed of life on every bottle. The artwork incorporates the five elements, Chinese astrology and sacred geometry, the patterns through which we view the world and through which our wine evolves as a living creation to its fullest potential
